

GWINN "AIRCAR"

— SERIES B —
N U M B E R S E V E N

Gwinn Aircar

For a long time aircraft engineers have been trying to design an airplane that would closely resemble the automobile in appearance and operation. The "Aircar" has many such features as there are no rudder pedals and it is guided in the air and on the ground with a steering wheel. Has 90 h.p. Pobjoy engine. Cruising speed 108 m.p.h.

Co-operation of Flying and Popular Aviation

This is one of a series of fifty pictures of Modern Airplanes packed with

WINGS Cigarettes
